

11275. RESOLUTION 17-29 – AUTHORIZES INVESTMENT GUIDELINES AND DEFERRED COMPENSATION COMMITTEE FOR DELAWARE RIVER ANB BAY AUTHORITY DEFINED CONTRIBUTION PLANS

WHEREAS, the Delaware River and Bay Authority (the “Authority”) is a bi-state Authority created by Compact of the purpose of owning, operating and controlling both Crossing and Non-Crossing facilities; and

WHEREAS, the Authority has established and maintains the Delaware River and Bay Authority Defined Contribution Plans (the “DC Plans”) for the benefit of the Authority’s eligible employees; and

WHEREAS, the Authority has appointed an administrator for the DC Plans pursuant to Resolution 16-21; and

WHEREAS, the Authority desires the establishment of an Investment Policy Statement for the purpose of selecting, monitoring and evaluating investment options for the DC Plans; and

WHEREAS, the Authority has recommended the establishment of Deferred Compensation Committee Bylaws to identify the members of the committee who shall serve as the investment fiduciary for the purpose of selecting and monitoring the investment options in the DC Plans; and

WHEREAS, the Authority’s Budget and Finance Committee has reviewed the proposed Investment Policy and Deferred Compensation Committee Bylaws and recommends their consideration to the Board.

NOW, THEREFORE, BE IT RESOLVED, that the attached Investment Policy is adopted as guidelines for investments of the DC Plan; and

BE IT FURTHER RESOLVED, that the attached Deferred Compensation Committee Bylaws are adopted to establish the composition and functions of the committee.

A motion to approve Resolution 17-29 was made by Commissioner Lowe, seconded by Commissioner Smith, and approved by a roll call vote of 9-0.

Delaware River and Bay Authority

457(b) and 401(a) Plans

Investment Policy Statement

STATEMENT OF PURPOSE

The goal of this Investment Policy Statement is to assist the Delaware River and Bay Authority Plans Investment Committee (the "Committee") of the Delaware River and Bay Authority ("DRBA") in effectively selecting, monitoring, and evaluating the investment options of the Delaware River and Bay Authority Employees' Defined Contribution Plan (established on April 1, 1998; revised on January 1, 2016) and the Delaware River and Bay Authority Employees' Section 457(b) Deferred Compensation Plan (established on January 1, 1987; revised on January 1, 2016 (henceforth referred to as "the Plans"). This written policy statement will establish a framework through which the appropriateness and suitability of investment recommendations and actions for the Plans are evaluated. The Policy sets forth specific standards, guidelines and objectives for the Plans and includes the following:

- Background Information;
- Investment Objectives;
- Investment Policy Guidelines;
- Investment Manager Selection;
- Performance Monitoring;
- Performance Objectives;
- Elimination of an Investment Manager;
- Review Procedures;
- Operational Procedure; and
- Plan Governance.

BACKGROUND

The Plans are retirement programs established and maintained by DRBA for eligible employees in accordance with the terms, conditions, and provisions of the Plans, as set forth in the Plan documents. The Committee, with the oversight of the DRBA Board of Commissioners (the "Board"), establishes the investment policies of the Plans and provides oversight for the managers of the Plans' assets. The Plans were established and are maintained to provide retirement benefits to eligible vested participants in the Plans at the time of their retirement from employment with DRBA or to their designated beneficiaries in accordance with the Plans.

The Committee's goal is prudent selection and ongoing monitoring of the investment options made available in the Plans. Each participant is responsible for investing his/her own account in the investment options offered through the Plans. To assist the Committee with the ongoing governance of the plans, the Committee may engage the services of an independent investment consultant who possesses the necessary specialized research facilities and skilled manpower to assure its expertise under the Committee's prudence objectives.

The Committee will review policy guidelines on an annual basis. The guidelines will be updated as needed. All modifications of policy guidelines shall be in writing and signed by the Board.

INVESTMENT OBJECTIVES

- A. The overall goal of the Plans is to provide benefits to its participants and beneficiaries through a carefully planned and executed investment program.
- B. Investment options will be selected for the sole interest and the exclusive purpose of providing a competitive return within the constraints described herein. The investment options should be chosen with the care, skill and diligence that a "prudent investor" acting in this capacity would undertake. All investment options will be selected with due regard to quality, marketability and diversification.
- C. A sufficient variety of clearly delineated investment options (at least three options in materially different asset classes) will be offered to permit participants to diversify and broaden their potential investment opportunities and to reduce risk of any one investment option. Typically, the investment line-up will include, but not necessarily be limited to, Large Cap Equity, Mid Cap Equity, Small Cap Equity and Fixed Income options.
- D. In the aggregate, the investment options shall enable each participant, by choosing among them, to construct a portfolio with aggregate risk and return characteristics considered appropriate for the participant.

INVESTMENT POLICY GUIDELINES

- A. The Committee will select available investments for the participants and beneficiaries of its Plans. Each investment option should be managed by:
 - (a) a bank, (b) an insurance company, (c) a registered investment company (mutual fund), or (d) a registered investment adviser.

- B. Investment managers are allowed substantial discretion in the structure of the mutual funds as long as they continue to manage the funds within the guidelines described in their prospectuses or offering circulars.
- C. New investment options may be added only after a search and selection process is conducted. This process shall consider, among other things, the qualitative and quantitative characteristics of potential investment options.
- D. An investment option may be eliminated from the Plans at any time. Typically, options will be eliminated when there has been a material change in the option's investment philosophy/process, investment management team and/or performance.
- E. Plan participants should exercise individual investment allocation discretion in selecting or de-selecting the investment options offered by the Plans.
- F. The Committee will monitor the costs associated with the administration of the Plans' investment programs to attempt to ensure that all costs are reasonable in relation to the services provided.
- G. The Committee intends to offer a default investment option. The Plans' current default investment option are the American Funds target date series. The specific Target Date Fund selected for a participant or beneficiary who does not make an investment election will be based on their date of birth and an assumed normal retirement date of age 65.
- H. The Plans shall at all times be administered in compliance with all applicable laws, rules and regulations.

INVESTMENT MANAGER SELECTION

New options (investment managers) may be added to the Plans only after a search and selection process is conducted. Investment manager searches may be conducted with the assistance of an investment consultant, in which case, the recommendations of the consultant may be reviewed and approved by the Committee. This process may consider, among other things, the qualitative and quantitative characteristics of potential investment options from among a universe of available options.

Selection Criteria For Investment Options:

1. No investment option shall be included in the Plans unless performance information is available covering a minimum of five (5) years. An exception to this rule may be made when a manager starts a fund which is comparable in investment style to its recently closed fund.
2. To be included in the Plan, an investment option must meet the following criteria at the time it is initially selected:
 - a. Minimum size - \$100 million in net assets;
 - b. Maximum expense – generally, no more than the fund category average. Given capacity constraints in certain fund categories, exceptions will be made on an as needed basis;
 - c. Holdings must be consistent with the investment style;
 - d. Returns that rank in the top 50% of an appropriate peer group over three (3) and five (5) years;
 - e. In addition to the above minimum requirements, other qualitative and quantitative issues will be considered using the following:
 - 3, 5 and 10-year time-weighted returns (to the extent available);
 - Manager's adherence to investment strategy;
 - Performance in up and down markets;
 - Returns in excess of the appropriate benchmark for active options;
 - Returns on passively managed options, which approximate the appropriate benchmark;
 - Tenure of portfolio manager(s);
 - Risk-adjusted returns; and
 - 3 and 5-year standard deviations (to the extent available).

PERFORMANCE MONITORING

Investment options (managers) in the Plans shall be monitored periodically, and the Committee may retain an independent investment consultant to assist with monitoring. Areas to be monitored may include, but not be limited to, the following:

- A summary, showing what percent of total plan assets are invested in each investment option;
- Review of each investment option's absolute performance for 3 months and 1, 3, 5 and 10-years (to the extent available);

- Review of each option’s relative performance (against both peers and benchmarks) for 3 months and 1, 3, 5 and 10-years (to the extent available);
- Identification of key factors affecting the option’s performance for the most recent quarter, such as under or over weight positions in certain industries; and
- Identification of recent changes to the option’s firm, portfolio management team and/or investment management process.

An annual review of the program’s Target Date Funds (“TDF”) series should be conducted by an investment consultant. This review should incorporate a performance review of each TDF option. Additionally, the glide path should be reviewed to confirm the reasonableness of the underlying asset allocation in light of any potential changes to overall benefits structure and/or participant demographics and distribution patterns.

Investment options may be placed on a “Watch List” if there are concerns related to the firm, the portfolio management team, performance and/or the portfolio management process. These concerns should be addressed and resolved in a timely manner. Watch List additions and removals may be handled on a case-by case basis, and the Committee may receive input from an investment consultant.

PERFORMANCE OBJECTIVES

The performance of investment managers in the Plans shall be measured against the performance of their respective benchmarks (indices) and their peers. If the manager utilizes a specific investment style, then the appropriate style index shall be used when evaluating performance. Active managers are expected to exceed the performance of the index, which is their benchmark. Passive (index) managers are expected to generate performance, which closely approximates the performance of their respective benchmarks or indices.

The performance of investment managers is typically evaluated over a full market cycle or 3 to 5 years. If a manager fails to meet its performance expectations over this time period, this may be grounds for putting the manager on the Watch List or for termination. Other factors may also be weighed when considering the possible termination of a manager.

ELIMINATION OF AN INVESTMENT OPTION

Options (investment manager) may be eliminated from the Plans at any time for any reason. An option will typically be eliminated if there has been a negative fundamental shift in investment philosophy, procedure, management and/or performance. These concerns may or may not result in a recommendation by the consultant to place the manager on Watch List status prior to termination. Placement on the Watch List and/or termination may be considered on a case-by-case basis, typically upon the recommendation of the investment consultant.

REVIEW PROCEDURES

The Committee will review this Investment Policy Statement at least annually to determine the continued feasibility of achieving the investment objectives and the appropriateness of the Investment Policy Statement for achieving those objectives.

The Committee will meet periodically to address the following topics:

1. Each option's adherence to investment policies, guidelines and objectives as detailed in their respective prospectus and/or offering circular;

2. Each option's current asset allocation, diversification and investment style;
3. Each option's absolute returns and risk levels in light of the stated policies and objectives;
4. Each option's historical annualized performance relative to its designated benchmark (index) and relative to its peer group universe;
5. Changes, if any, to each option's organizational structure, the portfolio manager(s) managing the option, the portfolio management process, or the level of net assets held by the option, and the impact such changes will have on the option's investment philosophy and strategy;
6. The ability of participants to construct an adequately diversified portfolio with the current options being offered;
7. Amendments to this statement's policies and objectives, and/or other changes to the Plans;
8. The effectiveness of ongoing investment education provided to Plan participants by the Plans' current service provider; and
9. Whether there have been any changes in the Plans' circumstances, needs and/or objectives.

The frequency of meetings or communications may vary. Meetings or communications may be prompted when significant concerns arise about investment manager strategies or performance, or if key changes occur, affecting investment manager personnel or organizational structure. Should the Committee believe at any time that changes, additions, or deletions to either the Plans' investment options, or this statement are advisable, the Committee will implement those changes on a timely basis.

OPERATIONAL PROCEDURE

This Investment Policy Statement shall become operative after it is approved by the Board. The functions of the Investment Policy Statement shall be performed by the Committee consisting of the Executive Director, Chief Financial Officer, Chief Human Resources Officer, Controller, and the Pension & Benefits Manager. While the Committee may act in accordance with this Investment Policy Statement without further Board direction, the Committee may not act outside the boundaries of

this Investment Policy Statement without the consent of the Board (or an appropriate Committee thereof) or without an amendment to this Investment Policy Statement that is approved by the Board (or an appropriate Committee thereof).

PLAN GOVERNANCE

The Committee should review the following plan governance topics as indicated:

A. Annual Review of Investment Options by Investment Consultant

The Committee should meet with the Investment Consultant at least annually. The Investment Consultant should provide the Committee with a written report, which includes, but may not be limited to, performance analysis for each investment option in the plans and recommendations for any changes to the investment line-up.

The asset classes offered to participants shall also be reviewed at least annually. Consideration will be given to both active and passive strategies.

B. Annual Review of Investment Policy Statement

The Committee should review this Investment Policy Statement annually. The purpose of this review will be to ensure that the Committee is meeting its fiduciary responsibility to the Plan.

C. Review of Time-based Models or Target Date Funds

The target date funds serve as the QDIA for the Plans, the Committee should review the appropriateness of the selected fund family to ensure they are appropriate for participants. A formal study should be conducted every at least every three years. Consideration will be given to both active and passive strategies, if appropriate.

D. Annual Review of Share Classes

The Investment Consultant and Investment Committee will review the share classes of each investment option annually to ensure they are the most appropriate for the Plan participants.

E. Review of Plans' Cost Structure (every 3 years)

The Committee, typically with assistance from the Investment Consultant, should review the cost structure of the Plans at least once every 3 years to ensure that the programs are being managed in a cost-effective manner. Record keeping costs should be compared to the marketplace to assess the reasonableness of fees. This could result in the need to solicit bids for one or more program-related services on a periodic basis.

The Committee should also consider how program fees are assessed to participants.

ACKNOWLEDGMENTS

The Committee will review the investment performance of the options in the Plans periodically. The overall Investment Policy Statement of the Plans will also be reviewed periodically. At its sole discretion, the Committee may choose to make additional options available or to eliminate any option from the Plans or to otherwise exercise its duties to the Plans. This policy shall remain in effect until changed or modified in writing.

ADOPTED this ____ day of _____, 2017.

By:

DELAWARE RIVER AND BAY AUTHORITY DEFERRED COMPENSATION COMMITTEE BYLAWS

Section 1: FORMATION OF THE COMMITTEE

1.1. Establishment of Committee

The Delaware River and Bay Authority hereby establishes The Delaware River and Bay Authority Deferred Compensation Committee (the "Committee"). The Committee shall consist of such number of individuals as are appointed by the Chairman and approved by the Delaware River and Bay Authority Commissioners (the "Commissioners"). Any member of the Committee may resign or be removed by the Commissioners, and his or her successor, if any, shall be appointed by the Commissioners. Each Committee member will acknowledge the acceptance of appointment to the Committee in writing. No Committee member shall have the authority to bind the Committee in any contract or endeavor without the expressed written authority of the majority of the Committee members.

1.2. Establishment of Offices

The Committee shall have an office of the Chairman and a Secretary. The Chairman and Secretary shall be appointed by the Commissioners. The Chairman shall be responsible for the conduct of all the meetings of the Committee and shall have voting rights the same as any other Committee member. The Chairman shall perform such other duties as the Committee may assign, and shall be the designated Agent for service of legal process.

The Secretary shall be responsible for keeping minutes of the transactions of the Committee and shall be the official custodian of records of the Committee. The Secretary, together with the Chairman, shall execute all official contracts of the Committee. The Secretary shall compile Committee agendas. The Chairman and Secretary are authorized by the Committee to execute any instruments necessary for the Committee to conduct business.

1.3. Functions of the Committee

The Committee shall be the investment fiduciary responsible for the selection and monitoring of the investment options in the Delaware River and Bay Authority Employees' Defined Contribution Plan; and the Delaware River and Bay Authority Employees' Section 457(b) Deferred Compensation Plan (collectively, the "Plans"). With the assistance of investment consultants, the Committee will follow the fiduciary, prudence, and due diligence standards experienced investment professionals would utilize. The Committee shall have the exclusive authority to establish, execute and interpret the Investment Policy Statement for the Plans. The Committee shall be solely responsible for the selection and retention of professional advisors to the Portfolio, which may include, but not be limited to, investment managers, investment consultants, custodians, attorneys, accountants, and clerical staff. This Committee is not responsible for decisions related to plan design as this responsibility lies with the Commissioners.

1.4. Disclosure and Conflict of Interest

Notwithstanding any provision of law, no Committee member shall vote or participate in a determination of any matter in which the Committee member shall receive a special private gain. Committee members, in the performance of their duties, must conform and act pursuant to the documents and instruments establishing and governing the Portfolio.

Section 2: MEETINGS

2.1. Attendance at Meetings

The Committee shall set its own schedule of meetings. Special meetings may be called by the Chairman or by a majority of the Committee members. The Committee shall meet at least once annually. Notices of meetings shall not be required if waived by all members of the Committee. In recognition of the importance of the work of the Committee, regular attendance at the Committee meetings is expected from all members. Any member who fails to attend two consecutive meetings of the Committee without an excuse acceptable to the other Committee members shall be deemed to have resigned from the Committee. A majority of the members of the Committee at the time in office shall constitute a quorum for the transaction of business. The action of the Committee shall be determined by the vote or other affirmative expression by the majority of its members in attendance where a quorum is present.

2.2. Agendas and Other Meeting Materials

An agenda shall be prepared for each regular and special meeting of the Committee. The agenda shall set forth those items upon which the Committee anticipates taking action or discussing. Each agenda item shall have attached backup material necessary for discussion or action by the Committee. A copy of the agenda and backup material shall be furnished to each Committee member prior to commencement of the meeting. Full and complete minutes detailing decisions and reasons for the decisions shall be maintained and held by the Secretary. The Secretary shall record all acts and determinations of the Committee, and all such records shall be preserved in the custody of the Secretary. Such record and documents shall be open at all times for inspection by Committee members or for the purpose of making copies by any person designated by the Commissioners.

2.3 Rules of Order

In recognition of the importance of accomplishing the objectives of the Committee in a most orderly fashion, the Committee Roberts Rules of Order shall be followed for the conduct of its meetings.

2.4 Appearance before the Committee

All persons who are scheduled to make appearances before the Committee shall be scheduled through the Secretary, and the Committee may establish the time limits established for such meetings. Appearances before the Committee may be in person or through a representative. All communications with the Committee shall either be in writing to the Secretary, teleconference, or by personal appearance at a Committee meeting.

2.5. Meetings with Investment Advisors

The Committee may retain an independent investment advisor or advisors to assist the Committee with its investment responsibilities with respect to the Plans. The Committee shall meet with representatives of investment advisors who have been retained at least annually, or more frequently as the Chairperson shall determine. Any investment advisor shall provide a comprehensive written evaluation of the Plans' investment funds and related fees to the Committee at least annually, or more frequently as the Chairperson shall determine.

2.6. Annual Report to the Commissioners

Within ninety (90) days of the close of each calendar year, the Chairman shall make a report to the Commissioners that includes for the preceding calendar year: (i) the dates on which the Committee members met and whether there was a quorum at each meeting; (ii) the dates on which the Committee met with the investment advisor; (iii) copies of the minutes of all Committee meetings (iv) copies of all reports regarding the investment funds that were provided to the Committee by the investment advisor; (v) copies of all changes to the investment policy statement and such other information as the Commissioners may, from time to time, request.

Section 3: RESPONSIBILITIES

3.1. Plans Investment Funds

The Committee shall have the responsibility to select and monitor the on-going performance and continuing suitability of investment funds, including investment fees, established for investment direction by participants under the Plans and to make decisions regarding the retention, addition or elimination of investment funds, in accordance with the Participant-Directed Account Review Policy, as set forth in Section 4.

3.2. Trustees and Custodians

The Committee may recommend to the Commissioners or its authorized delegate that DRBA enter into trust, custodial or other similar agreements with trustees or custodians to hold assets of the Plans. The Committee shall be responsible for monitoring the performance of such trustees or custodians and shall recommend from time to time such changes as the Committee deems appropriate. The Committee shall carry out its responsibilities under this Section as to trustees or custodians without investment management responsibilities in such manner as it deems.

3.3. Review of Investment Advisor

The Committee will monitor the performance of any investment advisor retained by the Committee to satisfy its responsibilities. This monitoring function will include, but not be limited to, meetings with each investment advisor at least annually, and regular evaluation of performance.

3.4. Delegation

In conducting its business, the Committee may delegate, as it deems appropriate, any specific responsibilities or functions to subcommittees or individual members of the Committee, or to individual employees of DRBA, which individuals may or may not be members of the Committee. In addition, the Committee may delegate part or all of the Committee's duties and responsibilities under these Bylaws with respect to the Plans to one or more third party service providers that is qualified to perform such functions. Any delegation by the Committee under this Section 3.4 shall be made in accordance with Section 5.

Section 4: PARTICIPANT-DIRECTED ACCOUNT REVIEW POLICY.

4.1. Establish Review Policy

The Committee shall adopt an Investment Policy Statement and select and monitor the on-going performance and continuing suitability of investment funds established for investment direction by participants in the Plans, which are individual account plans, in accordance with the following Participant-Directed Account Review Policy.

4.2. Objective

The principal objective of the Participant-Directed Account Review Policy is to assure that there is a sufficiently broad range of investment funds available for direction by participants so that participants have a reasonable opportunity to:

- (i) Materially affect the potential return on amounts in the participant's individual account and the degree of risk to which such amounts are subject; and
- (ii) Diversify the investment of the participant's individual account so as to minimize the risk of large losses, taking into account the nature and the size of the participants' accounts.

4.3. Minimum Number of Investment Choices

The Committee shall assure that participants may choose from among not less than three diversified investment funds:

- (i) Each of which has materially different risk and return characteristics;
- (ii) Which in the aggregate enable the participant by choosing among them to achieve a portfolio with aggregate risk and return characteristics at any point within the range normally appropriate for the participants; and
- (iii) Each of which when combined with investment funds in the other categories tends to permit a participant to minimize through diversification the overall risk of his portfolio.

4.4. Evaluation of Performance of Investment Funds

The Committee, with the assistance of the investment advisor, shall review at least annually the performance of the investment funds, and the related fees, that are offered to participants and compare such performance and fees to the performance and fees of other investment funds with similar investment objectives and styles. With the assistance of the investment advisor, the Committee shall make determinations regarding the retention, elimination or replacement of each investment fund. In conducting its review, the Committee shall evaluate the investment funds, consider any information provided by an investment advisor and otherwise fulfill its obligations in accordance with the terms and conditions of the investment policy described in Section 5.5 of these Bylaws that may be adopted by the Committee and shall serve as an attachment hereto.

4.5. Investment Direction for Participants who Decline to Direct the Investment of Their Accounts

The account of a participant who fails to make an effective election to direct the investment of such participant's account shall be invested in the investment fund or funds designated by the Committee as the "default" investment fund or funds, which may be a "Qualified Default Investment Alternative". If more than one investment fund is designated by the Committee as the default investment fund, the Committee shall designate the percentage of the participant's account to be allocated to each such fund.

4.6. Investment Policy

With the assistance of the investment advisor, the Committee should develop and adopt an investment policy statement to carry out its investment responsibilities with respect to the Plans. The Committee shall periodically review its investment policies with respect to the Plans and adopt such revisions as may be appropriate under the circumstances.

Section 5: DELEGATION ALLOCATION OR DELEGATION OF DUTIES AND RESPONSIBILITIES

The Committee may, in accordance with Section 3.4:

- (i) Employ agents to carry out non-fiduciary responsibilities;
- (ii) Employ agents to carry out fiduciary responsibilities;
- (iii) Consult with counsel, who may be counsel to DRBA, or accountants, investment advisors or any other consultant for advice with respect to the Committee's responsibilities;
- (iv) Provide for the allocation of fiduciary responsibilities among members of the Committee; and
- (v) Provide for the delegation of non-fiduciary responsibilities to employees of DRBA;

Any action made pursuant to this Section 5 may be modified or rescinded by the Committee at any time. Any delegation of responsibility made pursuant to this Section 5 shall be monitored by the Committee for continued appropriateness.

Section 6: INDEMNIFICATION

DRBA will indemnify and reimburse, to the fullest extent permitted under applicable law and under the terms of the Plans, members of the Committee and employees of DRBA acting for the Committee pursuant to a proper delegation under Section 5, for expenses, liabilities and losses arising out of any act or omission relating to the rendering of services for the management and administration of the Plans. The foregoing right to indemnification shall be in addition to such other rights as the Committee member or other person may enjoy as a matter of law or by reason of insurance coverage of any kind. Rights granted hereunder shall be in addition to and not in lieu of any rights to indemnification to which the Committee member or other person may be entitled pursuant to the Bylaws of DRBA.

Section 7: AMENDMENT

The Commissioners, or an authorized delegate, shall have the power to amend these Bylaws, in whole or in part, at any time and from time to time.
