8950. EXECUTIVE DIRECTOR'S REPORT: The Executive Director presented the following highlights which occurred within the Authority during the month of October.

AIRPORTS

On October 15, an aircraft struck an off-airport utility pole and crashed on the landing approach path for runway 27 at Delaware Airpark. The pilot was fatally injured and a passenger sustained injuries. The airport was closed for night operations until October 24 when Conectiv repaired obstruction lighting on several utility poles located in the approach path for runway 27.

At Delaware Airpark, maintenance forces installed additional security fencing near the airport's terminal, repaired roof damage to the open-hangar complex, and striped the aircraft parking ramp. At Millville Airport, maintenance employees began pavement resurfacing at the North-West aircraft parking ramp. The renovation of the New Castle Airport Operations Office began in October and will be completed in November; Authority personnel are performing this work.

CAPE MAY-LEWES FERRY

In comparison to 2002, vehicle traffic was down 0.7% for October; total vehicle traffic year-to-date is off 9.1% from 2002. Passenger traffic was down 2.1% in October; total passenger traffic year-to-date is off 6.5% from 2002.

The new off-season schedule of four crossings each direction most weekdays and additional crossings on weekends as justified by traffic commenced on October 27. Off-season vessel maintenance is progressing on all vessels. New radar systems are being installed and annual chipping, scraping, rust removal, and painting is underway.

Improvements in the "Non-Transferable Discount Book of 6 Tickets" program began in October

with the introduction of real-time production and delivery of ticket books at both Lewes and Cape May ticket counters. During October, 279 NT6 books were sold at the Cape May ticket counter and 220 were sold at the Lewes ticket counter. Discount tickets can now accommodate two driver names, company accounts, and streamlined reorders. Since April, 3,894 NT6 discount books have been sold representing approximately \$350,000 in fare revenue.

DELAWARE MEMORIAL BRIDGE

Total traffic during October 2003 set a new standard for the month and reflected an increase of approximately 85,000 vehicles (+2.2%) vs. October 2002. Year-to-date total traffic has increased slightly (+0.1%). Commercial traffic increased overall by 2.7% during October, primarily on the strength of the highest monthly total ever recorded for Class 5 vehicles (144,700 five-axle trucks). E-ZPass traffic accounted for 47.2% of the total traffic in October, which represents the highest monthly percentage ever recorded on the Delaware Memorial Bridge. Year-to-date E-ZPass traffic is 43.5% vs. 40.6% for 2002. Approximately 65% of the E-ZPass transactions on the Bridge are non-DRBA account holders.

The DRBA hosted a two-day technical training class with maintenance personnel from the DRPA on October 15-16. This hydraulics class was developed through the cooperative efforts of the automotive sections from the two authorities and the DRBA's Education and Training staff. High-Angle Rescue, Water Safety, Fire Extinguisher, Leadership, Incident Command, Horticulture, and Traffic Safety classes were also conducted for different maintenance sections during the month.

HUMAN RESOURCES

On October 29 & 30, 2003, Concentra Health Services conducted DOT Drug & Alcohol Awareness training to more than 100 DRBA employees and supervisors. The topics covered included awareness, reasonable suspicion, and a review of the DOT Guidelines and Requirements for Federal Workplace Drug Testing Programs. During the week of October 20, medical staff from Concentra Medical Center administered flu shots to 232 employees Authority-wide.

Chairman Parkowski called for a motion to open the floor for discussion. A motion was made by Commissioner Patterson and seconded by Commissioner Cooper.

Commissioner Patterson, Chairman of the Budget & Finance Committee, thanked the committee and staff for their work on the budget. He proceeded to outline the steps that it took to get to this step of the budget process noting that there were three public budget meetings held on October 7, November 11, and 17. He noted the salary savings as a result of the ERO but that employee benefits and costs at the ferry continue to rise. Everyone has tried to hold the budget at 3%.

Commissioner Patterson referenced some last minute changes to the budget that were made as late as yesterday. One change was in support of the Deputy Executive Director's new Marketing Plan for the ferry. The marketing budget will be increased by \$90,000 to \$590,000 in an effort to reverse the downward trend in ferry ridership over the last several years. The other is to put \$12,500 into the possible reopening of the Cape May Airport restaurant because of its economic potential.

Vice-chairman Wallace also thanked the Committee and staff for their efforts in putting the budget together. He suggested that the budget approval be held over until December in order to give the governors and the public more time to review it. The governors received the budget two days ago and there were changes as late as yesterday. Vice Chairman Wallace stated that the standard practice is to have a 30-day review of the budget before it is up for a vote. Commissioner Patterson said that he did not want to send a signal to the public that we have not done our job. Also, Vice-chairman Wallace suggested holding two public hearings on the evening before the budget is adopted.

Chairman Parkowski called for a roll call vote. Commissioners Hensley, Lathem, Lowe, Patterson and Parkowski voted yes while Commissioners Dorn, Koebig, McWilliams, Pessagno, and Wallace voted no. With 6 yes votes and 5 no votes the motion to approve Resolution 03-42 failed.

8959. COMMISSIONERS PUBLIC FORUM: Chairman Parkowski questioned whether any member of the public requested to address the Commission.

Frank Bankard representing Local 542 addressed the Commission. He stated that its been eight months since he first appeared before the Board. He was asked to wait until after the ERO. The ERO has passed. He said that he was asked to wait until after the restructuring but that hasn't come about. He feels that the employees should be put before the mechanics of the Authority.

Union representative Vincent Ascione spoke next. He asked the Commission to move forward with the talks with Local 542 citing problems reported in the press by former employees. Mr. Ascione also stated that the Authority should consider holding some of it's public meeting and hearings in the evening for the convenience of the public.

Chairman Parkowski said that he has been on the board less than six months and that there are ongoing efforts to improve the way the Authority does business and to put certain problems behind the organization that, as he previously noted, recognition of the union would be considered once the reorganization was in place.

Next, Mr. John D. Flaherty, lobbyist for Common Cause of Delaware spoke. Members of Common Cause of Delaware have reviewed the Commission's Freedom Of Information Act (FOIA) regulations and noted that Section 4 regarding open meetings states that anyone wishing to speak must notify the Executive Director by 12:00 noon the day before a Commission meeting. He said that the State of Delaware FOIA regulations contain no such restraints on public participation and he has asked the Board to review this Section and consider eliminating the 24-hour notification.

Chairman Parkowski stated that Mr. Flaherty's point is well taken. He referred the matter to the Audit & Governance Committee.

Vice-chairman Wallace thanked Mr. Flaherty for bringing this to the Board's attention and agreed with his position on this matter.

Commissioner Hensley stated that giving advanced notice of speakers prepares the commissioners in terms of getting background information prior to the meetings; however, in most instances she anticipated that most individuals would be permitted to address the Board.

Mr. Albert S. Jackson spoke last on matters such as the Authority's policy on automobiles and

the hiring of people at the ferry.

Commissioner Latham stated that he was concerned about the lack of progress with the issue of Local 542.

Commissioners Hensley, Pessagno, Wallace and Dorn all agreed with Commissioner Latham's concern about resolving the issue of Local 542.

Vice-chairman Wallace stated that Thanksgiving is a good time to reflect on matters that are really important in our lives and he wished everyone a happy holiday.
